

CAREER OPPORTUNITIES

Engineers

Civil • Electrical • Mechanical • Structural

Are you interested in assisting California in providing prison capacity beyond 2007? Then the California Department of Corrections and Rehabilitation has a career for you. We are looking for progressive thinkers who have a passion for designing and building something that will last for years. If you volunteer for challenging assignments, thrive on making a difference, get excited by the promise of success and are dedicated to professionalism, we'd like to hear from you.

For information regarding Job Specifications and Minimum Qualifications go to www.dpa.ca.gov. Click on "Job and Salary information" on the left column, search by Class Specification by Code/Title.

- Civil Engineer (Senior, Associate & Assistant)
- Electrical Engineer (Senior, Associate & Assistant)
